☆About World Campus

World Campus International is a non-profit organization, which provides a unique access to Japan.

As a participant of the World Campus - Japan program, you will be joining various activities together with your fellow travelers from all around the world. You will get the chance to interact with the local communities and learn about Japan and the world.

In the evenings and nights you will be with your host family, giving a unique insight in Japanese daily life. You will be able to experience Japan from an inside perspective.

There will be three sessions to choose from, each one includes different parts of Japan. Each session lasts approximately three weeks. During that time you will visit three different cities and interact with the people in their communities. You can choose to join one, two, or all three sessions.

If You're Wondering... The Answer is YES!

Attending the World Campus - Japan program was one of the best decisions I've ever made. My only complaint was that I didn't stay longer!

I attended the third session of the program and enjoyed all the cities. I got to experience the real Japan. Staying with a host family is truly an experience like no other and learned more than I ever would if I just came to Japan as a tourist.

You not only leave the program with last bonds with your host families, but also all program participants. Everyday was unique and you have the opportunity to share your own unique culture and backgrounds.

This is a trip I will never forget and will continue to recommend to students of all ages.
